SUMMARY

Highly motivated Bachelor of Computer Science (Computer Network Security) student at UniSZA with a strong academic standing. Building upon a Diploma in Cyber Forensics, I possess a solid foundation in digital evidence recovery, network defense, and threat hunting. Proven experience in technical automation and system integration. Currently seeking a Network Security or Digital Forensics Internship to leverage my technical expertise in threat hunting and network defense to contribute to your security operations and safeguarding digital assets.

EDUCATION

Bachelor of Computer Science (Computer Network Security)	Oct 2023 - Present
Diploma in Cyber Forensics	June 2020 - March 2022

Community Outreach Program | UniSZA (Semester 1)

- Organized community-based activities and managed team logistics for event execution.

Team Broadcast KTAC | 2020 – 2022

- Handled technical setup and real-time broadcasting on the

ACADEMIC PROJECTS

IoT-Based Smart Inhaler & Respiratory Training System | Degree Project (2024/2025)

- Developed an integrated IoT system for health monitoring with real-time data tracking and secure data transmission.

Automated Trade-In System | Internship Project (2022)

- Designed digital mock-ups and automated workflows for device valuation and processing.

ADDITIONAL TRAINING & CERTIFICATIONS

Cybersecurity & Digital Forensics

- Certified Information Systems Security Professional (HRD CORP e-LATIH) | 2022
- Cyber Threat Hunting (HRD CORP e-LATIH) | 2022
- Introduction to Ethical Hacking (Great Learning Academy) | 2022
- Computer Forensics Lab Management | 2021
- First Responder of Digital Evidence | 2021
- IT Security & Network Security (HRD CORP e-LATIH) | 2021
- Firewall & Computer Security (Great Learning Academy) | 2022
- Webinar: Cybercrime – The Next Victim | 2022

Networking & Emerging Technology

- CCNA: Switching, Routing, and Wireless Essentials | Cisco Networking Academy | 2025
- Introduction to Networking & Internet Technology | 2021
- Ingesting Data and Computing for Real-Time Processing (HRD CORP e-LATIH) | 2021
- Introduction to Artificial Intelligence & Machine Learning | 2021/2022
- Introduction to Internet of Things (IoT) (HRD CORP e-LATIH) | 2022
- Digital Transformation Day for IR4.0 & Emerging Technology | 2020

Programming & Data Science

- Python Programming for Beginners (HRD CORP e-LATIH) | 2021
- Data Science Foundations & Data Analysis Concepts | 2022
- Internet Programming | 2021
- Virtual Coding Learning Programme (The Malaysia Book of Records) | 2022

Professional Development

- Introduction to Technical Writing (HRD CORP e-LATIH) | 2022
- Upgrade Yourself Training | 2021
- Creative Thinking & Understanding NLP | 2022
